Company: Intelliswift Software

Location: Canada

Category: other-general

Azure Integration Services Developer Location: San Francisco, CA (Onsite – 2 days a week) / Remote for Non-local Type: 12+ Months Contract (PST Working Hours) We are seeking a highly skilled and motivated Azure Integration Services Developer to join our dynamic team. As an Azure Integration Services Developer, you will play a crucial role in designing, developing, and maintaining integration solutions using Azure Logic Apps, Java Spring Boot, and Kafka. You will be responsible for creating seamless data flow and communication between different systems and applications. If you are passionate about cloud integration, data processing, and have a strong background in these technologies, we encourage you to apply. Key Responsibilities: Design, develop, and implement robust integration solutions using Azure Integration Services, including Azure Logic Apps. Utilize Java Spring Boot for creating Microservices and RESTful APIs. Implement event-driven architecture using Kafka for real-time data processing and communication. Collaborate with cross-functional teams to understand business requirements and define integration requirements. Work closely with stakeholders to ensure seamless data flow between systems and applications. Troubleshoot and resolve integration issues in a timely manner. Monitor and optimize the performance and scalability of integration solutions. Stay updated on the latest industry trends and best practices in cloud integration. Qualifications: Bachelor's degree in Computer Science, Information Technology, or a related field. Proven experience in developing integration solutions using Azure Integration Services, with a strong focus on Azure Logic Apps. Proficiency in Java Spring Boot for developing Microservices and RESTful APIs. Familiarity with Kafka for event-driven architecture and real-time data processing. Solid

understanding of cloud-based solutions, particularly in Microsoft Azure.Strong problem-solving and debugging skills.Excellent communication and collaboration skills.Ability to work in a fast-paced and dynamic environment.Azure certifications are a plus.
